**REQUIREMENTS AS PER PART 2.2 OF THE SHIRE OF CHITTERING EXTRACTIVE INDUSTRIES LOCAL LAW 2014**

**(1) A person seeking the issue of a licence in respect of any land must apply in the form determined by the local government from time to time and must forward the application duly completed and signed by each of the applicants, the owner of the land and any occupier of the land to the CEO together with—**

□	<p><b>(a) A plan of the excavation site to a scale of between 1:500 and 1:2000 showing—</b></p> <ul style="list-style-type: none"> <li>(i) the existing and proposed land contours based on the Australian Height Datum and plotted at 1 metre contour intervals;</li> <li>(ii) the land on which the excavation site is to be located;</li> <li>(iii) the external surface dimensions of the land;</li> <li>(iv) the location and depth of the existing and proposed excavation of the land;</li> <li>(v) the location of existing and proposed thoroughfares or other means of vehicle access to and egress from the land and to public thoroughfares in the vicinity of the land;</li> <li>(vi) the location of buildings, treatment plant, tanks and other improvements and developments existing on, approved for or proposed in respect of the land;</li> <li>(vii) the location of existing power lines, telephone cables and any associated poles or pylons, sewers, pipelines, reserves, bridges, railway lines and registered grants of easement or other encumbrances over, on, under or adjacent to or in the vicinity of the land;</li> <li>(viii) the location of all existing dams, watercourses, drains or sumps on or adjacent to the land;</li> <li>(ix) the location and description of existing and proposed fences, gates and warning signs around the land; and</li> <li>(x) the location of the areas proposed to be used for stockpiling excavated material, treated material, overburden and soil storage on the land and elsewhere;</li> </ul>
□	<p><b>(b) A works and excavation programme containing—</b></p> <ul style="list-style-type: none"> <li>(i) the nature and estimated duration of the proposed excavation for which the licence is applied;</li> <li>(ii) the stages and the timing of the stages in which it is proposed to carry out the excavation;</li> <li>(iii) details of the methods to be employed in the proposed excavation and a description of any on-site processing works;</li> <li>(iv) details of the depth and extent of the existing and proposed excavation of the site;</li> <li>(v) an estimate of the depth of and description of the nature and quantity of the overburden to be removed;</li> <li>(vi) a description of the methods by which existing vegetation is to be cleared and topsoil and overburden removed or stockpiled;</li> <li>(vii) a description of the means of access to the excavation site and the types of thoroughfares to be constructed;</li> <li>(viii) details of the proposed number and size of trucks entering and leaving the site each day and the route or routes to be taken by those vehicles;</li> <li>(ix) a description of any proposed buildings, water supply, treatment plant, tanks and other improvements;</li> <li>(x) details of drainage conditions applicable to the land and methods by which the excavation site is to be kept drained;</li> <li>(xi) a description of the measures to be taken to minimise sand drift, dust nuisance, erosion, watercourse siltation and dangers to the general public;</li> <li>(xii) a description of the measures to be taken to comply with the Environmental Protection (Noise) Regulations 1997;</li> <li>(xiii) a description of the existing site environment and a report on the anticipated effect that the</li> </ul>

	<p>proposed excavation will have on the environment in the vicinity of the land to be prepared by a suitably qualified industry consultant;</p> <p>(xiv) a description of the measures to be taken to minimise the destruction of existing vegetation; and</p> <p>(xv) a description of the measures to be taken in screening the excavation site, or otherwise minimising adverse visual impacts, from nearby thoroughfares or other areas;</p>
<input type="checkbox"/>	<p><b>(c) A rehabilitation and decommissioning programme indicating—</b></p> <p>(i) the objectives of the programme, having due regard to the nature of the surrounding area and the proposed end-use of the excavation site;</p> <p>(ii) whether restoration and reinstatement of the excavation site is to be undertaken progressively or upon completion of excavation operations;</p> <p>(iii) the method by which topsoil is to be replaced and revegetated;</p> <p>(iv) the numbers and types of trees and shrubs to be planted and other landscaping features to be developed; (v) how rehabilitated areas are to be maintained;</p> <p>(vi) the programme for the removal of buildings, plant, waste and final site clean-up; and</p> <p>(vii) how any face is to be made safe and batters sloped;</p>
<input type="checkbox"/>	<p><b>(d) Evidence that a datum peg has been established on the land related to a point approved by the local government on the surface of a constructed public thoroughfare or such other land in the vicinity;</b></p>
<input type="checkbox"/>	<p><b>(e) A certificate from a licensed surveyor certifying—</b></p> <p>(i) the extent of any existing excavation on the proposed excavation site; and</p> <p>(ii) the correctness of the plan referred to in paragraph (a) and the datum peg and related point referred to in paragraph (d);</p>
<input type="checkbox"/>	<p><b>(f) Copies of all land use planning approvals required under any planning legislation;</b></p>
<input type="checkbox"/>	<p><b>(g) The consent in writing to the application from the owner of the excavation site;</b></p>
<input type="checkbox"/>	<p><b>(h) Any other information that the local government may reasonably require;</b></p>
<input type="checkbox"/>	<p><b>(i) The licence application fee specified by the local government from time to time;</b></p>
<input type="checkbox"/>	<p><b>(j) Copies of any environmental approval required under any environmental legislation</b></p>
<input type="checkbox"/>	<p><b>(k) Copies of any geotechnical information relating to the excavation site.</b></p>

**(2) All survey data supplied by an applicant for the purpose of subclause (1) must comply with Australian Height Datum and Australian Map Grid standards.**
