THINGS TO CONSIDER:

What is the need?

What is it that your group really needs....why do they need this? What benefit will it have for your group, and/or the wider community?

How does this project/event meet that need?

How will this project have an impact for your group....how will it make a difference you, your group, and the wider community? Is there another way to meet the need?

Are you able to contribute to the project?

All CAGS applications require a contribution from the applicant. If you cannot provide a financial contribution, what else can you provide? Is now the right time to apply? Should you wait until you have the ability to contribute to the project or event? If not, why not?

Are there other groups that can help you meet this need?

Have you considered if any other local groups can help, or would like to be involved in this project/event? Is another group already meeting the need?

How else could you fund your project/event?

Is there another way you could raise funds for this project? Have you considered fundraisers? If you are unable to do a fundraiser, why not? Have you approached other funders?

How will you measure the success of your project / event?

All successful applications will be required to submit an acquittal for their grant. Part of this will be content on how your project or event was successful/not successful. How you will assess the success of your event? What will you measure your success by?

Who will be responsible for the event/project?

Is your executive committee likely to change during the planning or implementation of this project/event? Have you considered how you will pass on the information about this grant to the next committee? What processes do you have in place to make sure the grant is successfully acquitted?

How does this project fit in to your plans for the future of your group?

Do you have a long term plan for your group? Is there something you are aiming for? How does this project fit in to that plan?

How does this project align with the Shire's Strategic Community Plan, or other plans within our integrated planning framework?

Have you reviewed the Shire's plans to see how your project would assist with our long term planning? Large scale events and projects should be able to show a direct alignment.
