

ChitChat Trail Note Series

Camino Salvado

The Camino Salvado trail follows the Pilgrims Trail from Salvado Road, Subiaco to New Norcia in the Wheatbelt. The trail is approximately 160kms long, passing places of historical interest through the metropolitan area along the beautiful Swan river foreshore. It then travels to Bells Rapids and passes onto Walyunga National Park. It stretches on through the Chittering Valley and Julimar Forest with the final leg via Old Plains Road into New Norcia.

The Camino Salvado Pilgrims Trail is about reflection, connection and renewal. It is not always an easy path to follow but should you choose to follow the Pilgrim Trail, you will not be disappointed. It is a walk for all people – those of faith, those with no faith and those who seek faith. This “informal journey” will see some people walking in groups whilst others walk alone.

This information was sourced from the Camino Salvado website and is for general information only.
