10.1	Chittering Bush Fire Advisory Committee – 15 March 2016 1. “Unconfirmed” Chittering Bush Fire Advisory Committee Minutes, 15 March 2016 2. Updated Fire Break Notice 3. Bush Fire Risk Map	1

**MINUTES OF THE CHITTERING BUSHFIRE ADVISORY
COMMITTEE MEETING**

Tuesday, 15 March 2016

Council Chambers
6177 Great Northern Highway
Bindoon

COMMENCEMENT: 7.00pm
CLOSURE: 9:54pm

Item 10.1 - Attachment 1

These minutes will be confirmed at the next meeting of the Chittering Bushfire Advisory Committee which is to be held on 14 June 2016.

SIGNED BY

_____ Person presiding at the meeting at which minutes were confirmed

DATE

Disclaimer

The purpose of this Committee meeting is to discuss and, where possible, make resolutions about items appearing on the agenda.

Whilst Council has the power to resolve such items and may in fact, appear to have done so at the meeting, no person should rely on or act on the basis of such decision or on any advice or information provided by a member or officer, or on the content of any discussion occurring, during the course of the meeting.

Persons should be aware that the provisions of the *Local Government Act 1995* (section 5.25 (e)) establish procedures for revocation or rescission of a Council decision. No person should rely on the decisions made by Council until formal advice of the Council decision is received by that person.

The Shire of Chittering expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by a member or officer, or the content of any discussion occurring, during the course of the Council meeting.

Steve Browne presented the following report:

Chittering Bush Fire Advisory Committee Brigade report

Brigade	Lower Chittering
Date	3 / 3 / 16

New members

4 new members that are ready for IFF / BBF training

Member resignation

1 resignation and 1 Transfer to ISB

Brigade incidents

Nil

Brigade training

Nil

Community engagement

Nil

Critical information

Agenda Item for BFAC

Firebreaks / Slashing and firebreak maintenance

Steve also advised that one of the Brigade's light tanker was leaving to assist at the Pinjarra fire tomorrow.

11.3 Muchea Brigade

Arthur Blewitt spoke on the following report, provided by Peter Hall:

Members

New members 3

Existing active members 27

Probationary 5

Non active 5

Resignations / Transfers / Deletions

1 x transfer

6 x deletions – no attendance in over a year

9 x received letter seeking advice if they wish to remain members – 21 days to rsvp

Brigade incidents:

Attended 6 out of shire callout

On standby for 3 task force requests

Brigade training:

Recommenced training on March 4.

14 attendees

Training will continue each fortnight.

Community engagement:

Muchea Youth festival

Anzac day Bindoon

Plans for extension to fire station progressing

Perth Street appeal tin rattle

Easter collection at IGA Muchea

Brigade meetings:

1st Tuesday of the month.

7pm fire Station

New Brigade Secretary:

Michelle Udy

11.4 Upper Chittering Brigade

Gordon Carter presented the following report:

Chittering Bush Fire Advisory Committee Brigade report

Brigade	Upper Chittering
Date	15 / 3 / 16

New Members

5 new members, 4 booked into next IFF/BFF, 1 will go into a following available course.

Member Resignations

Nil

Incidents

20 call outs responded to, plus numerous crews attended Jarrahdale, Waroona/Harvey, Wilbinga and Cervantes Fires, spending up to 4 days some locations

Training

No training for December or January, training held Sunday 28th February, good attendance by new members and old.

Critical Information

No critical issues at this stage

Community Engagement

A hazard reduction workshop is planned to be held at Alex Mackie's property for Blue plains / Chittering springs, date to be set. We held our Christmas tree party for locals at the station on 12th December with great attendance and the Santa lolly run throughout upper Chittering on the 19th.

General Discussion Items

Upper Chittering will be holding its AGM on 19th of March. Some discussion on the Chittering Fire Services Constitution regarding sections 13.1.1 through 13.1.4 inclusive, our brigade feels that capping maximum terms to office bearer positions could be a detriment to the volunteer brigades as positions such as treasurer or secretary are hard to fill ,also if there at any time is a lack of

experienced firefighters that have undertaken or committed to ongoing training courses could cause disharmony in the brigade if inexperienced people replace experienced .

At the end of maximum 4 year term , although the captain can extend a position by a maximum of 6 months we feel that it would be more practical that at the time of the position being vacant at the AGM if no other person is capable or wants the position ,then the person that had currently held the position should be allowed to re nominate and go to a vote by the members , and that if voted in and approved by all the members then the position should be for 12 months, and be allowed to re nominate each year should no one else be available. Forcing members out of positions that they were happy to undertake, and forcing members to undertake positions they are uncomfortable to do, will have a detrimental effect on all brigades.

A strong brigade membership with experienced members will turn over positions at each AGM, but there may some periods where due to retirements, resignations or members other life commitments (e.g. fifo's) or lack of training or experience that capable experienced replacements are not available to fill positions, on the other end are small or weak membership brigades that may also need continuance of their office bearers.

Gordon also added that, as part of the Brigade's Community Engagement, they will be attending the Bindoon Anzac Day Service.

Gordon also spoke on the following:

- Three new members and one resignation.
- Refresher training 100% completed.
- Concern at the number of firebreaks in Upper Chittering not completed by the 16 October deadline.
- Brigade has quite a few hazard reduction burns planned for next year and encourage other Brigades to join them in the program.
- Ten permits issued to date, with two refusals and one reported to the Shire (to be discussed in General Business).

11.5 Wannamal Brigade

Kim Haeusler advised that the Wannamal Brigade had no issues or updates to report.

11.6 Incident Support Brigade

Janice Billen advised that it had been a quiet season to date for ISB.

The Brigade has six new members and training is going ahead.

12. CHITTERING BUSHFIRE ADVISORY COMMITTEE ACTION LIST AND COMMITTEE RECOMMENDATIONS

12.1 Outstanding Actions and Recommendations

Meeting Date	Brigade / Report title	Details of required action	Person responsible	Current status	Action completed
18/06/2013	DFES Letter – option to transfer local bushfire brigades impact assessment	Request that Council take no further action on this matter until a response has been received from DFES addressing Council’s list of concerns	CESM	Motion presented at July Council Report – endorsed by Council. No reply to date.	
03/03/2015	13.1 Stacking of large timbers for burning	Community Emergency Services Manager to discuss possible solutions with the Shire’s Executive Manager Development Services.	CESM	Discussed with planning, investigating options to make possible changes in policy or subdivision approvals. 9/6/2015 Planners are looking at options. 15/03/2016: Info sheet has been done; CESM to follow-up with neighbouring Shires re Policy for stack sizes; Rangers following up on issues; Current issues will need to be managed by staff; Still large piles in community causing concern, some near dwellings.

Meeting Date	Brigade / Report title	Details of required action	Person responsible	Current status	Action completed
3/11/2016	13.4 Letter of Support	The CESM to arrange a letter to be sent to the volunteer fire fighter seriously burnt on the weekend from the Chittering Fire Services.	CESM		COMPLETED
3/11/2016	13.6 Illegal Burns	Fire Control Officers to advise the Shire if they issue a warning pertaining to illegal burning to ensure that people who ignore warnings are dealt with appropriately.	FCO		
3/11/2015	13.7 Blackboy Ridge	The CESM to liaise with Technical Services to have 'no lighting of fire' signs installed on Reserves where people might camp / picnic to reduce the risk of fires. 15/03/2016: Noted that Blackboy Ridge and Cnr Julimar and Chittering Rd Reserves appear in Free Camping spots in a number of publications and Aps.	CESM	CESM to speak to EMTS re signage	

Action:

CESM to investigate Policies on 'stack' sizes etc with neighbouring Shires.

Action:

CESM to include an electronic FDI board in the 2016/2017 budget for Council's consideration.

Action:

CESM to follow-up with EMTS to have no camping signs placed at reserves used for camping, particularly Blackboy Ridge and Cnr Julimar and Chittering Road Reserves where unauthorised advertising lists the reserves as free camping spots.

13. GENERAL BUSINESS

13.1 Fire Break Notice

- Fire Break Notice workshopped as determined at the November 2015 meeting.
- Draft copy with highlighted changes tabled as well as map showing fire danger rating determinations for the Shire entered to date by the Shire's Bushfire Risk Planning Coordinator.
- Main changes are restricted burning period to commence 1 October (from 16 October) and property sizes requiring firebreaks reducing to properties 5000m² and above.
- Changes bring the Shire in line with other local governments.
- Red areas on map classed as 'extreme' and will have enormous impact on the Shire pertaining to compliance and risk management.
- Firebreaks assist to reduce the spread of fire as well as providing access in the case of a bushfire.
- Currently there are properties in the Country Club and on Hideaway Drive that are undefendable due to lack of hazard reduction and access issues.
- Puts the responsibility for hazard reduction back on the property owners. A large number of landowners of smaller blocks are not undertaking any hazard reduction and this is a major concern for BFAC and should be for the Council (no protection zone, no clearing under trees and no removal of leaf litter).
- Provides protection zones and emergency access.
- More thorough inspections required by Shire staff and currently insufficient resources provided by the Shire (ie staff) from October to 31 May.
- Cr Rossouw sort clarification and evidence for the changes and there was very strong support from all BFAC Members, with no objections raised.
- To be presented to Council at the April 2016 Council Meeting for consideration.
- Craig Garrett, DFES, added that science and climate change now telling us that this is what the Shire needs to do to reduce the risks resulting from past decisions. The new Building Regulations will only assist with new buildings, still leaving the previous developments at high risk if no action is taken. He also stated that human life takes the highest priority.

13.1 COMMITTEE RECOMMENDATION

Moved Steve Browne / seconded Gordon Carter

1. The CESM update the draft Fire Break Notice with the changes identified by BFAC and present the Notice to Council for endorsement at the April 2016 Council Meeting.
2. Request the Council support and endorse the changes to the Fire Break Notice for 2016/2017 in particular:
 - a) to the Restricted Burning Period to commence 1 October annually; and
 - b) Reduce the minimum size of the properties within the Shire requiring firebreaks to be installed annually from 2 hectares to 5,000m².

Carried 9/0

13.2 'Bush Fire Brigades Local Law 2012' Review

Jamie O'Neil, CESM, spoke on this issue.

- Simplify the local law, introduce constitution, brigade general instructions and localised response plans.
- Objective of the review is to develop an up to date workable documents to assist and guide Brigade Member's in effective operations their brigade and activities

13.3 Constitution

Changes to the draft Constitution have been forwarded to the CESM from Brigades.

CESM to make all the relevant changes and forward to Brigades for comment.

Changes required must be provided to the CESM by 30 April to ensure final document approved by Brigades prior to presentation to Council for endorsement at their June 2016 meeting.

Once process has been completed the Bush Fire Local Law will need to be changed.

13.4 Setting of 2016 meeting dates

Meeting dates for 2016 was discussed by Members with meeting dates of 14 June and 11 October 2016 being agreed upon.

13.4 COMMITTEE RESOLUTION

Moved Gordon Carter / seconded Steve Browne

That the Chittering Bush Fire Advisory Committee meets on 14 June 2016 and 11 October 2016 at 7:00pm in the Shire of Chittering Council Chambers.

Carried 9/0

13.5 Firebreaks in general

Concerns raised that a number of firebreaks in Lower Chittering have not been completed with some properties not maintaining their breaks until 31 May as required by the Act.

- Compliance Officer is currently allocated to undertake inspections for three months of the year and Rangers undertake the balance.
- Shire of Chittering needs to allocate additional resources to ensure inspections are undertaken until 31 May annually.
- Shire needs to understand that FCOs are volunteers, most work and strongly commit to their volunteer role and though they can undertake some backup inspections and report issues, the Shire Council is and needs to take responsibility for undertaking inspections and compliance of the Fire Break Notice.
- Suggestion that Council endorse the appointment of a couple of casual FCOs to assist with compliance.
- Council need to recognise the enormous change in population / properties and therefore the risk now impacting on the Shire and that it is now too arduous to expect volunteers to undertake the volume of inspections and follow-ups, both current and into the future.

Item 10.1 - Attachment 1

MINUTES OF THE CHITTERING BUSHFIRE ADVISORY COMMITTEE MEETING TUESDAY, 15 MARCH 2016

Action

Karen Parker to include the additional resources required to undertake initial and follow-up firebreak and hazard reduction inspections.

13.6 Early Commencement of Restricted Burning Period

- Kim Haeusler informed the meeting that he had been asked to request the burning permit period be bought forward to allow stubble burning to be undertaken. Kim said there is a lot of bare country and therefore safety risks reduced.
- Concerns raised by Members due to current conditions Shire wide.

13.6 COMMITTEE RESOLUTION

Moved Kim Haeusler / seconded

That the Restricted Burning Season be moved forward to 21 March 2015.

Motion lapsed due to lack of seconder

- If there is good rain in the next week Members may reconsider.
- Not supported at least until after Easter.

14. CLOSURE

The Presiding Member declared the meeting closed at 9:54pm.

The next meeting of the Chittering Bush Fire Advisory Committee is to be held on 14 June 2016.

Office hours: Monday to Friday
8:30am - 4:30pm

FIREBREAK NOTICE

BUSH FIRES ACT 1954

Shire of Chittering

Notice to all owners and / or occupiers of land situated in the Shire of Chittering.

As a measure to assist in the control of bush fires, or prevent the spread or extension of a bush fire which may occur, all owners and occupiers of land within the shire's district are required before the 16th day of October in each year, or within 14 days of becoming the owner or occupier of land if after that date, to clear firebreaks or take measures in accordance with this notice and maintain those firebreaks and measures in accordance with this notice up to and including the 31st day of May in the following year.

Pursuant to the powers contained in Section 33 of THE BUSH FIRES ACT 1954, you are hereby required to clear all flammable material from fire breaks, not less than 3 metres in width and 4 metres in height, immediately inside all external boundaries of any lot owned or occupied by you and situated within the Shire of Chittering. Such firebreaks may be constructed by one or more of the following methods:

PLOUGHING, CULTIVATING, SCARIFYING, RAKING, BURNING, CHEMICAL SPRAYING OR OTHER APPROVED METHOD.

The following land categories are to be cleared and maintained to the satisfaction of an Authorised Officer of the Shire.

All properties, including Residential; Rural Residential and Shire Town sites with land equal to or greater than 5000 m² (land greater than ½ hectare) Must clear a firebreak of all flammable materials three (3) metres wide, with a four (4) metres vertical clearance (trafficable) along the inside of the boundary to the property. Maintain a Building Protection Zone around habitable buildings (an area reduced of flammable materials).

Residential and Shire Town sites with land with less than 5000 m² (land under ½ hectare)

Do not require firebreaks but are required to follow General Fire Hazard Reduction.

Maintain a Building Protection Zone around habitable buildings (an area reduced of flammable materials).

Land greater than 120 hectares

Land with an area of 120 hectares or more must have a firebreak in such a position which divides the land into areas not exceeding 120 hectares.

Plantations

1) Install and maintain external and internal firebreaks, firebreaks that form compartments (cells), firebreaks and hazard reduction measures that protect neighbouring communities and essential infrastructure in accordance with the requirements of a Fire Management Plan approved in writing by the Shire; or

2) Where no such approved Fire Management Plan exists:

a) Unless the Shire approves an alternative plan in writing in accordance with clause 3(2)(b), install and maintain external and internal firebreaks and firebreaks that form compartments (cells), and carry out all other firebreaks and hazard reduction measures which are required in accordance with the requirements and specifications within the Department of Fire & Emergency Services *Guidelines for Plantation Fire Protection* 2011 publication; or

b) If it is considered impractical for any reason to carry out the plantation requirements outlined above in clause 3(2)(a), plantation owners and managers may apply in writing to the City to implement an alternative plan or measures in accordance with clause 4 of this notice. A Fire Management Plan may be required to be developed and submitted as part of the application.

Bushfire or Emergency Management Plans (compliance is require throughout the year, each and every year)

All properties with a bushfire management , emergency management plan or an approved Bushfire attack level (BAL) assessment approved as part of a Town Planning Scheme, subdivision approval, development approval or a building permit for an individual or group of properties shall comply with the plan in its entirety.

All bushfire management plans requirements are in addition to the requirements of this notice

Haystacks and fuel storage

Clear a firebreak, not less than five (5) metres wide with a four (4) meters vertical clearance completely surrounding haystacks and fuel storage areas within the property.

General Fire Hazard Reduction

All property owners are required to reduce fire hazards on their property prior to the summer season by maintaining grassed areas as far as reasonably practicable, to 50mm in height over the entire area, by slashing or the application of stock. It is recommended that property owners program their hazard reduction in conjunction with the clearing and maintenance of firebreaks. Hazard Reduction Orders **will** be issued where landowners have failed to reduce fire hazards.

Installation of a Building Protection Zone

- The first 5m around all buildings is to be cleared of all flammable material. Reticulated gardens may be located in this zone;
- The spacing of trees should be 15-20 metres apart to provide for a separation of 10 metres between crowns;
- Trees are to be under/low pruned at least to a height of 2 metres;
- No tall shrub or tree is to be planted within 2 metres of a building including windows

Alternative Firebreaks

If it is impractical for you to clear a firebreak along your boundary you can request permission from the Shire to install a firebreak in an alternative location or of a different nature. All requests must be in writing to the Shire and received by **1 October**.

Harvesting operations (including stubble processing)

The Shire will permit harvesting operations, including stubble processing, during the Restricted and Prohibited period on the following conditions:

- That a fully operational firefighting unit (inclusive of associated pump, hose system and a minimum of 600 litres of water is present) at all times.
- Harvesting operations, and stubble processing, are not permitted when the Shire has declared a Harvest and Vehicle Movement Ban, including Hot Works Activities.

Harvesting operations (including stubble processing) on Sunday and Public Holidays, excepting Christmas Day, Boxing Day and New Year's Day, will be permitted on the following conditions, in addition to the conditions above.

- The Local Fire Control Officer is notified.
- Two (2) able-bodied adult persons are present during the harvesting operations, only one (1) of whom may be harvesting.

Restricted and Prohibited Burning Periods

Burning is prohibited from 1 DECEMBER TO 31 MARCH. Permits are required from 1 OCTOBER TO 30 NOVEMBER and 1 APRIL TO 31 MAY.

Control of operations likely to cause a fire

Property owners should take care to prevent bush fires. The operation of welding equipment and angle grinders are activities likely to create a fire danger when used in the open air.

A person shall provide at least one fire extinguisher at the place where welding or cutting operations are carried out and surround this place with a firebreak which is at least five (5) metres wide.

For updates on Hot Works, Harvest and Movement of Machinery Bans please ring the information line on: 9576 0219 (recorded message) or register with the SMS warning system with the Shire to receive a text when a ban is implemented.

"HOT WORKS, HARVEST AND MOVEMENT OF MACHINERY BAN WILL BE IN PLACE ON CHRISTMAS DAY, BOXING DAY AND NEWS YEARS DAY"

Fire Danger Rating

No fire of any kind may be lit on a day when the forecast Fire Danger rating for the District is very high or above. The fire danger rating is supplied daily by the Bureau of Meteorology. This information is also available

Item 10.1 - Attachment 2

from the Telstra Weather service on Ph: 1196, the bureau of meteorology website (www.bom.gov.au) and is displayed on the information boards located (1) Great Northern Highway, Muchea, (2) John Glenn Park, Muchea (3) Muchea East Road Lower Chittering, (4) Clune Park, Bindoon, (5) Cnr Crest Hill Road & Mooliabeenee Road, Bindoon. The Chittering fire weather district is the Lower West Inland.

Burning of garden refuse

Garden refuse must not be burnt at any time during the prohibited burning period or at any time if a Total Fire Ban or a harvest and vehicle movement ban has been declared or at any time if the Fire Danger rating is Very High or above. A permit is required to burn garden refuse before 6pm during the RESTRICTED Burning Periods, and is subject to the conditions as set out on the permit. Garden refuse may be burnt without a permit after 6pm during the RESTRICTED burning periods, subject to the following conditions of THE BUSH FIRE ACT 1954 and the HEALTH ACT 1911.

- You must notify your neighbours and local fire control officer of your intention to burn.
- The pile of refuse being burnt does not exceed 1 square metre of area.
- A 5 metre wide area clear of flammable material surrounds the pile. (Lawn, Paths, Driveways, etc. may be considered as cleared area).
- The fire is only lit between 6pm and 11pm.
- Only 1 pile is to be alight at one time.
- The fire is completely extinguished by midnight.
- At least 1 adult person is in attendance at all times.
- There is a means of extinguishing the fire available at all times. (e.g. garden hose, knapsack spray or fire unit).
- The smoke from your fire does not create a traffic hazard.
- Do not burn household or commercial waste or any noxious materials.
- Do not burn damp, wet or green material at any time as this will cause excessive smoke.
- Other than during the RESTRICTED or PROHIBITED periods, garden refuse may be burnt at any time, but care must be exercised.
- Smoke from the burning of garden rubbish can cause nuisance and annoyance to other residents. Please consider this and plan to minimise smoke.

THE FOLLOWING RESTRICTIONS APPLY THROUGHOUT RESTRICTED AND PROHIBITED PERIODS

- **No burning on Sundays and Public Holidays**
- **No burning of garden refuse without permit**
- **No lighting of camp fires, solid fuel BBQs, and wood fired pizza ovens or any uncontrolled flame in the open air in the Shire of Chittering** (*Open Air* means any open place, yard, field or construction area which is not Enclosed by a building or structure)
- **Burning of road side verges is prohibited without written approval from the Shire of Chittering or other authorities.**

FIREBREAKS MUST BE CLEARED BY - 16 OCTOBER AND REMAIN CLEARED UNTIL 31 MAY

BURNING IS PROHIBITED BETWEEN - 1 DECEMBER TO 31 MARCH

BURNING PERMITS ARE REQUIRED BETWEEN - 1 October TO 30 NOVEMBER AND 1 APRIL TO 31 MAY
