Each compliance investigation undertaken by the Shire will be assessed on a case-by-case basis, and actioned according to the Compliance and Enforcement Matrix (included as an appendix) for each business unit area.

The Compliance and Enforcement Matrix is used as a guide only and an offence category can be reviewed during the investigation process.

#### 4.8. Offence Categories

Where an investigation is undertaken and it is considered that there is sufficient evidence, the Shire will take the appropriate enforcement action based on the specific circumstances of each individual case, as defined within the following offence categories:

**Minor:** A minor offence is a breach of legislation, which has a minimal impact on the community, a person or the environment. The breach may be able to be resolved in a relatively short timeframe without any further impact on the community or the environment once compliance has been reached.

**Moderate:** A moderate offence is a breach of legislation that may initially have minimal impact on the community, life, critical infrastructure, property, or the environment but if allowed to continue the impact may have a major or more significant impact on the community. The breach may initially be able to be resolved with an infringement, directions notice or order under relevant legislation.

**Major:** A major offence is a breach of legislation that significantly affects or risks the health and safety of the community, life, critical infrastructure, property, or the environment. It may also be a case where the issue cannot be resolved in a relatively short timeframe or where the alleged offender is not willing to cooperate or negotiate in order to achieve compliance and which may lead to a prosecution action.

The offence category is subject to review during the investigation process.

The Shire further notes that the enforcement actions contained in the above definitions are not exhaustive to each particular definition.

#### 4.9. Compliance Investigations

##### 4.9.1. Investigation of Complaints (Reactive Compliance)

Complaints will be prioritised for investigation based upon the offence category set out in clause 8 of this policy.

Decisions on enforcement action may have regard to any or all of the following considerations:

- b) Recommendations made at the Development Assessment Unit;
- c) Whether the breach or offence was committed wilfully or unknowingly;
- d) Any mitigating or aggravating circumstances (including vexatious complaints);

- g) The potential short and long-term consequences of non-compliance; and
- h) Legal precedents.

The Shire may take no enforcement action after an investigation where:

- a) Having considered the nature of the non-compliance, an educative approach to preventing the matter from continuing or reoccurring is considered most appropriate;
- b) There is insufficient evidence to prove non-compliance after reasonable attempts have been made by the Shire to investigate the matter;
- c) The individual or entity has discontinued or removed the unauthorised development or has obtained the relevant approval(s);
- d) Having the regard for the capacity of the owner or occupier of the land, it is determined that an alternative approach to achieving compliance is more appropriate; and
- e) The matter is considered trivial in nature, or would be an unreasonable use of the Shire's resources.

The Shire understands that some complaints received in relation to compliance issues may be the result of neighbourhood disputes. The Shire may discontinue an investigation of a complaint where it can be reasonably ascertained that the complaint is unsubstantiated or pertains to a civil matter. The Shire will not provide advice in relation to civil matters.

#### **4.9.3. Conclusion of an Investigation**

At the conclusion of an investigation, Shire officers shall use the most appropriate action based on this policy in conjunction with the Compliance and Enforcement Matrix.

Complainants will be advised in writing of the outcome of the investigation (subject to confidentiality requirements) and the compliance matter closed.

#### **4.10. Acting on Default of Notices or Orders**

The Shire may undertake works as specified in the notice or order to restore the land as nearly as practicable to its condition immediately before the development started or execute that work as it directed that person. The Shire may be entitled to recover its expenses in a court of competent jurisdiction.
